Fast Facts about Domestic Violence:

- Battering is the single major cause of injury to women, more frequent than auto accidents, muggings and rapes combined.
- Domestic Violence Homicide is the number one cause of death among African American Women ages 15-34.
- An act of adult domestic violence occurs every 15 seconds, more frequently than any other U.S. crime.
- Of all homicides in the U.S., approximately 40% occur between family members and intimate partners.
- One out of three homeless households identified domestic violence as the cause of their homelessness.

Boys from homes where domestic violence is present are:

- 4 times more likely to abuse in a dating relationship.
- 25 times more likely to commit rape as an adult.
- 6 times more likely to commit suicide.
- Have a 74% greater chance of committing crimes against others.
- Have a 24% greater chance of committing a sexual assault as an adult.
- AND 1000 times more likely to commit violent acts against their own children.
