## Message from the President

The month of May has been filled with many events and changes for our organization. In April we recognized Sexual Assault Awareness Month by participating in numerous programs that addressed the serious issue of sexual assault and devised plans to combat it through awareness and prevention

programs in communities throughout the country

In our quest to remain **bold, effective** and **connected** we have also united with the Archdiocese of Baltimore to boldly address the issue of teen dating violence through our nationally recognized, signature Witney's Lights Youth Ambassador Program, which will be offered to every Catholic Parish in the city of Baltimore as an addition to their Youth Ministry. The Youth Ambassador program will also be implemented in Delaware communities beginning this fall. In addition, we have begun to implement a "new look" to our Witney's Lights web site and have made the decision to increase our communication with informative newsletters, email blasts, and regular updates through social media.

Witney's Lights is growing rapidly and while it's unfortunate that the need for domestic violence services is increasing, Witney's Lights is proud to be in the forefront of this movement with your support!

Continuing the mission....
